A BIBLE PROPHECY EXPERIENCE

Australian born, **Pastor Chris Buttery**, presents a dynamic study on Bible prophecies that affect you today. Over the past 25 years, Pastor Buttery has presented the Bible on several continents and helped thousands of people across the globe via various media outlets understand the Bible for themselves. He is excited about the opportunity to help you find answers to life's most important and challenging questions, during these live, illustrated, multimedia presentations on the Bible.

Dr. Ryan McLennan is dual board-certified in emergency medicine and lifestyle medicine. With over a decade of experience working in emergency departments, he has often questioned why interventions are delayed until health problems become critical. This has inspired him to pursue a deeper interest in lifestyle medicine, where he focuses on prevention and long-term wellness. During this series Dr. McLennan will be presenting simple, inexpensive ways to prevent and reverse many of the chronic diseases affecting our nation.
