The POWER of a PROMISE

Come as you are and enjoy this prophecy seminar.

Beginning Saturday, March 28 2026

The **POWER** of a **PROMISE**

God has always been faithful to His part of the Promise or Everlasting Covenant, but Adam and Eve and all their descendants (except the Messiah) have broken their part.

However, the Messiah's coming gave us the Power to fulfill our part of the Everlasting Covenant, so we can claim the Promise.

Throughout the Bible, God's covenants with His people are the threads weaving

His Promise together, connecting Adam and Eve, Noah, Abraham, Jacob, Moses, Daniel, Stephen, Paul, John with us today.

The Everlasting Covenant bridges God's perfect world of Genesis chapters one and two, to the new heaven and new earth of Revelation twenty-one and twenty-two.

Through it, the Messiah brings salvation to everyone who accepts a saving relationship with Him.

He has degrees in History and Theology. He has made a deep study of Bible Prophecy and its relationship to what is happening in our world today!

Pastor Ringer presents this exciting lecture series illustrated with computer generated graphics that will help you understand the Covenants and the Everlasting Covenant.

Many have found the answers to life's perplexing questions at these presentations.

Pastor Ringer spent his early childhood near the Floral Crest Church on Sand Mountain and has deep roots there.

Pastor Ralph Ringer is a World Traveler, Radio-TV Speaker, International Lecturer, and Author.

Based on the Bible, this eight-part series explores the Everlasting Covenant that God made with Adam and Eve and their descendants. Covenant is an old-fashioned word for a promise.

The Power of a Promise traces this promise throughout the Bible. Learn how God has kept this promise through the millennia and how you can claim it.

Saturday, March 28
